Ember, United States, 2011. Paperback. Book Condition: New. Reprint. 142 x 124 mm. Language: English . Brand New Book. A fascinating book about the history and culture of China. The history of China spans thousands of years. Journey through China in this fascinating and absorbing book: discover the land of dragons and emperors, and learn about the significance of its ancient dynasties. Countless tools and materials that people have used every day for centuries paper, gunpowder, cast iron, matches, and silk, to name just a few were first made in China. Chinese society has progressed through major changes, but lucky numbers, festivals, beliefs about colors, the practice of footbinding, the building of the Great Wall, and the larger-than-life people of China are all integral parts of this ancient civilization and still have an impact on life today. Bestselling author Adeline Yen Mah explores an extraordinary view of the great story of China over the last two millennia in this nonfiction work, which also includes black-and-white photographs. From the Hardcover edition.
