I believe this book will help someone who is about to quit, or maybe help you to realize that you can make it in spite of circumstances. I would like to encourage that young parent who is raising a family alone or you may even be married. Whatever the case may be, life experiences and challenges can be hard. I made it through hard times as a young girl living in the south, working in the fields and picking cotton. I had no education, but I was determined not to allow the lack of education to stop me from being successful.
