Transworld Publishers Ltd. Paperback. Book Condition: new. BRAND NEW, The Noetic Universe, Dean Radin, The publication of Dan Brown's latest international bestseller, "The Lost Symbol", introduced the world to a fascinating new concept: 'noetics'. Now, in this rigorously reasoned manifesto, Dean Radin, Senior Scientist at the Institute for Noetic Sciences, explains the new science of noetics and how this exciting new field of research is set to change the way we view the world forever. "The Noetic Universe" provides astonishing answers to universal questions by unveiling persuasive empirical evidence for the existence of psychic phenomena - from telepathy and clairvoyance to jinxes and prayer. Dean Radin shatters the myths that surround parapsychology, revealing the extent to which corporations, governments and academia have embraced it, and exploring what the effects will be when - inevitably - mainstream science and society embrace it as well.
