Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The ancient gods lost the battle, and monotheism spread across the globe, forcing some into hiding, and others into a deep sleep. Lost and forgotten in time, and unable to die, the immortal gods had to choose new paths. Some slept, letting time forge on without them. Some learned to prosper on the meager worship of a few adherents. Still others became dark brooding shadows of what they once were, obsessed with regaining their former glory. The goddesses of fate, Clotho, Lachesis, and Atropos, chose a different path. They gave up some of their divinity, choosing to reincarnate rather than waste away in their godly bodies. By working with the Vatican to capture the dangerous god-lings, they shift the balance of power, letting man make the world his own, unhindered. But one of the ancient gods has awoken from his slumbers, and he knows just enough about the Fates to remain hidden from their sight. And just enough about the world of man to create chaos in his wake. To trap the god-ling before he regains his strength, the Fates have to do something they haven't done in centuries. They must tap into the divine power that once made them a force even gods feared. But at what cost? And what will their keepers do when the Fates remember their true strength?.
