Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.When you look at the world do you like what you see? Do you find it a suitable habitat for living your life? Do you appreciate the way our nations interact? Are you proud of how societies treat one another? Do you find value in your personal interactions? Are you satisfied with the knowledge you have gained, or are you yearning for more? Do you long for a tangible explanation of why you are here? Do you wish your day-to-day activities could contain more events you truly enjoyed? Do you wish societies would be more respectful and inclusive amongst each other? Do you wish our nations could find a path to peace? Angie Watson proposes her thoughts on these matters via Dimensional Lore. The statements in her story arise from academic studies of theoretical physics, metaphysics, psychology, the Bible, Koran, and Dead Sea Scrolls, along with archeological understandings of ancient Mayan and Egyptian cultures, coupled with a bit of logic. It is her belief peace can be obtained on all levels for all people, from the inner-personal up to the international, once an evolved perspective becomes globally accepted and implemented.
